

# PACKAGING FOR CLINICAL TRIALS & LAUNCH

---

ROYAL PAPER BOX

PACKAGING THAT SELLS YOUR PRODUCT

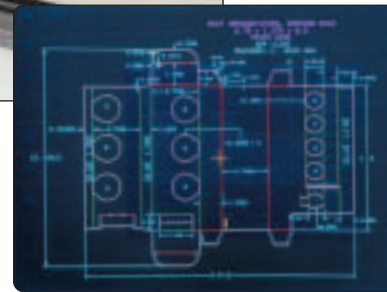

# FROM CLINICAL TRIALS TO LAUNCH...

For over sixty years Royal Paper Box Company has partnered with new and existing clients to develop cost effective clinical trials packaging in a minimum amount of time.

With our extensive expertise, we will ask the right questions and do what is necessary to help you get your product's packaging within three days of receiving your FDA approval!

Cut out mock-ups are created through CAD as part of the engineering process

## IDA Application

# QUICKLY AND EFFICIENTLY!

Royal Paper Box is located in Southern California and has worked with two of the largest biotechnology companies in the world to develop packaging for their clinical trials and product launches. After the launch, Royal Paper Box will continue to support your ongoing production packing needs.

We have also worked with some of the largest

medical device companies in the world to develop customized packaging solutions for their products. We can refer you to experts in regulatory affairs, transportation and sterilization validations.

Whether you are a startup or a Fortune 500 company, Royal Paper Box will give you the highest level of expertise available in the industry for a smooth FDA approval.

FDA Application
